Pain, 38 (1989) 361–363
Elsevier

Contents to Volume 38 (1989)

Number 1 — July 1989

CLINICAL SECTION

Research Reports

Central analgesic effect of ketoprofen in humans: electrophysiological evidence for a supraspinal mechanism in a double-blind and cross-over study
J.-C. Willer, T. De Broucker, B. Bussel, A. Roby-Brami and J.-M. Harrewyn (France) 1

Percutaneous procedures for trigeminal neuralgia: microcompression versus radiofrequency thermocoagulation. Personal experience
M. Meglio and B. Cioni (Italy) 9

Intravenous nitroglycerin as an experimental model of vascular headache. Basic characteristics
H.K. Iversen, J. Olesen and P. Tfelt-Hansen (Denmark) 17

A novel approach to the diagnosis and assessment of symptomatic diabetic neuropathy
E.A. Masson, L. Hunt, J.M. Gem and A.J.M. Boulton (U.K.) 25

Reliability and validity of the evaluation of pain in patients with total knee replacement
M.E.H. Boeckstyns and M. Backer (Denmark) 29

Anxiety and pain response changes across treatment: sensory decision analysis
R.M. Malow, J.A. West and P.B. Sutker (U.S.A.) 35

Relationship of pain impact and significant other reinforcement of pain behaviors: the mediating role of gender, marital status and marital satisfaction
H. Flor, D.C. Turk and T.E. Rudy (F.R.G., U.S.A.) 45

BASIC SECTION

Research Reports

Pain perception in a man with total corpus callosum transection
B.E. Stein, D.D. Price and M.S. Gazzaniga (U.S.A.) 51

Electrophysiological studies on the effects of opiates on dorsal horn nociceptive neurones at 51 atmospheres absolute
K. Smallman, A.H. Dickenson and M.J. Halsey (U.K.) 57

The apparent antinociceptive effect of desipramine and zimelidine in the tail flick test in rats is mainly caused by changes in tail skin temperature
A. Lund, A. Tjølsen and K. Hole (Norway) 65

The sensitivity to noxious heat in relation to brain and liver opioid glucuronidation in inbred strains of mice
A. Wahlström, L.-G. Lundin, B. Ask and A. Rane (Sweden) 71

Blockade of tolerance to morphine analgesia by cocaine
A.L. Misra, R.B. Pontani and N.L. Vadlamani (U.S.A.) 77

Sympathetic facilitation of sustained discharges of polymodal nociceptors
Hu Sanjue and Zhu Jun (People's Rep. of China) 85

Substance P and peripheral inflammatory hyperalgesia
M. Nakamura-Craig and T.W. Smith (U.K.) 91

Dose-dependent pain and mechanical hyperalgesia in humans after intradermal injection of capsaicin
D.A. Simone, T.K. Baumann and R.H. LaMotte (U.S.A.) 99

Conditioned response models of placebo phenomena: further support
N.J. Voudouris, C.L. Peck and G. Coleman (Australia) 109

Book Reviews 117

0304-3959/89/$03.50 © 1989 Elsevier Science Publishers B.V. (Biomedical Division)

Number 2 — August 1989

Guest Editorial

On central pain and central pain mechanisms
J. Boivie (Sweden) 121

CLINICAL SECTION

Review Article
The utility of cognitive coping strategies for altering pain perception: a meta-analysis
E. Fernandez and D.C. Turk (U.S.A.) 123

Research Reports
Environmental and interoceptive influences on chronic low back pain behavior
A.J.M. Schmidt, R.E.H. Gierlings and M.L. Peters (The Netherlands) 137
Ketanserin in reflex sympathetic dystrophy. A double-blind placebo controlled cross-over trial
M.H. Hanna and S.J. Peat (U.K.) 145
Does intravenous methadone provide longer lasting analgesia than intravenous morphine? A randomized, double-blind study
L. Grochow, V. Sheidler, S. Grossman, L. Green and J. Enterline (U.S.A.) 151
Fear, alexithymia and cancer pain
J.A. Dalton and M. Feuerstein (U.S.A.) 159
Post-axillary dissection pain in breast cancer due to a lesion of the intercostobrachial nerve
C.J. Vecht, H.J. Van de Brand and O.J.M. Wajer (The Netherlands) 171

Clinical Notes
The post-mastectomy pain syndrome and the effect of topical capsaicin
C.P.N. Watson, R.J. Evans and V.R. Watt (Canada) 177
Central post-stroke pain — the effect of high and low frequency TENS
G. Leijon and J. Boivie (Sweden) 187

BASIC SECTION

Research Reports
Opioid involvement in TRH-induced antinociception in the rat following intracerebral administration
V. Reny-Palasse, C. Monier and R. Rips (France) 193
Pressure pain thresholds and thermal nociceptive thresholds in chronic tension-type headache
M. Langemark, K. Jensen, T.S. Jensen and J. Olesen (Denmark) 203
Measurements of human pressure-pain thresholds on fingers and toes
J. Brennum, M. Kjeldsen, K. Jensen and T.S. Jensen (Denmark) 211
The perceived structure of 176 pain descriptive words
R.-J. Verkes, W.A. Van der Kloot and J. Van der Meij (The Netherlands) 219

LETTERS TO THE EDITOR

Heterotopic conditioning stimuli on first and second pain
D. Le Bars and J.C. Willer (France) 231
A reply to Le Bars and Willer
D.D. Price and J. McHaffie (U.S.A.) 233
Intrathecal opioids, potency and lipophilicity (*Pain*, 36 (1989) 111–115)
Y. Shir (Israel) 235
Reply to Dr. Shir
H.J. McQuay, A.H. Dickenson, A.F. Sullivan and K. Smallman (U.K.) 236

ABSTRACTS 237

BOOK REVIEW 248

IASP Newsletter

Number 3 — September 1989

Guest Editorial

Animal models of chronic pain: scientific and ethical issues
K.L. Casey and R. Dubner (U.S.A.) 249

CLINICAL SECTION

Research Reports

Pharmacokinetics of fentanyl in lumbar and cervical CSF following lumbar epidural and intravenous administration
G.K. Gourlay, T.M. Murphy, J.L. Plummer, S.R. Kowalski, D.A. Cherry and M.J. Cousins (Australia) 253

[^{3}H]Imipramine binding in idiopathic pain syndromes. Basal values and changes after treatment with antidepressants
G. Eberhard, L. Von Knorring, E.T. Mellerup, H.L. Nilsson, P. Plenge and U. Sundequist (Sweden, Denmark) 261

Monitoring of celiac plexus block in chronic pancreatitis
J. Myhre, J. Hilsted, B. Tronier, E. Philipsen, H. Staffeldt, V. Hegedüs and H. Worning (Denmark) 269

Lateralisation of pain in cluster headache
P. Procacci, M. Zoppi, M. Maresca, A. Zamponi, M. Fanciullacci and F. Sicuteri (Italy) 275

Psychophysiologic responses to a realistic laboratory abdominal pain stimulus
B. Ditto and R.G. Barr (Canada) 279

Characteristics of labor pain at two stages of cervical dilation
S.T. Brown, D. Campbell and A. Kurtz (U.S.A.) 289

Clinical Note

Topical lidocaine reduces pain in post-herpetic neuralgia
M.C. Rowbotham and H.L. Fields (U.S.A.) 297

BASIC SECTION

Research Reports

Somatosensory event-related potentials to painful and non-painful stimuli: effects of attention
W. Miltner, R. Johnson, Jr., C. Braun and W. Larbig (F.R.G., U.S.A.) 303

Central suppression of cold-induced C fibre pain by myelinated fibre input
L.K. Wahren, E. Torebjörk and E. Jörum (Sweden) 313

The development of chronic mechanical hyperalgesia, autotomy and collateral sprouting following sciatic nerve section in rat
W.S. Kingery and J.A. Vallin (U.S.A.) 321

The effect of intravenous lidocaine, tocainide, and mexiletine on spontaneously active fibers originating in rat sciatic neuromas
C. Chabal, L.C. Russell and K.J. Burchiel (U.S.A.) 333

Naloxone blocks the formalin-induced increase of substance P in the dorsal horn
K.E. McCarson and B.D. Goldstein (U.S.A.) 339

Modified formalin test: characteristic biphasic pain response
M. Shibata, T. Ohkubo, H. Takahashi and R. Inoki (Japan) 347

LETTERS TO THE EDITOR

Pain associated with valve prolapse
W.E. Ackerman and G.W. Colclough (U.S.A.) 353

Chest pain in mitral valve prolapse
T.O. Cheng (U.S.A.) 354

Reply to Drs. Cheng and Ackerman regarding pain in mitral valve prolapse
M. Maresca, G. Galanti, S. Castellani and P. Procacci (Italy) 355
